Re:- Establishment for fuel Sales Depots in B. city.

Law Ministers Minute (Regn-Para 62)

I have discussed this question with the Food Secretary and he considers that the

proposals of the D. F.S. are absolutely necessary and in the circumstances are the minimum required. In addition to the fuel shops maintained by the Dept. of Food Supply there are a considerable number of private licensees over whom strict supervision is necessary. There is therefore need for the establishment asked for. Sanction may be accorded to these proposals.
